Reviews

This ebook will never be effortless to get started on studying but extremely fun to read through. It is actually written in easy phrases and never difficult to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.

Oxford University Press Inc. Paperback. Book Condition: new. BRAND NEW, Animal Rights, Paul Waldau, In this compelling volume in the What Everyone Needs to Know series, Paul Waldau expertly navigates the many heated debates surrounding the complex and controversial animal rights movement. Organized around a series of probing questions, this timely resource offers the most complete, even-handed survey of the animal rights movement available. The book covers the full spectrum of issues, beginning with a clear, highly instructive definition of animal rights. Waldau looks at the different concerns surrounding companion animals, wild animals, research animals, work animals, and animals used for food, provides a no-nonsense assessment of the treatment of animals, and addresses the philosophical and legal arguments that form the basis of animal rights. Along the way, readers will gain insight into the history of animal protection-as well as the political and social realities facing animals today-and become familiar with a range of hot-button topics, from animal cognition and autonomy, to attempts to balance animal cruelty versus utility. Chronicled here are many key figures and organizations responsible for moving the animal rights movement forward, as well as legislation and public policy that have been carried out around the world in the name of animal rights and animal protection. The final chapter of this indispensable volume looks ahead to the future of animal rights, and delivers an animal protection mandate for citizens, scientists, governments, and other stakeholders. With its multidisciplinary, non-ideological focus and all-inclusive coverage, Animal Rights represents the definitive survey of the animal rights movement-one that will engage every reader and student of animal rights, animal law, and environmental ethics.
