

Killers in Africa: The Truth About Animals Lying in Wait and Hunters Lying in Print

By Alexander Lake

ALEXANDER BOOKS, United States, 2000. Paperback. Book Condition: New. 2nd edition. 229 x 152 mm. Language: English Brand New Book ***** Print on Demand *****.Alexander Lake was a big game hunter, but a hunter with a difference. At a time -- the late 1940s and early 1950s -- when hunters were selling macho yarns filled to overflowing with false bravado, Lake began debunking all the myths that had been making the rounds. Indeed, when Killers in Africa was first published, the advertising tagline was The truth about animals lying in wait and hunters lying in print! This book, drawn from a number of Lake's magazine articles written while in Africa, covers the animals he hunted, species by species, all told with a round the campfire feel.

Reviews

This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- **Ally Reichel**

This publication is amazing. It is definitely basic but shocks in the fifty percent of your publication. You won't feel monotony at anytime of your own time (that's what catalogues are for concerning if you question me).
