

Computer Applications in Management

By Abhishek Yadava, Kajal Rana, S.C. Arya

Global Vision Publishing House, 2011. Hardcover. Book Condition: New. This book entitled, Computer Applications in Management covers all the various facets of computers and its applicability in management. The focus of the book is not merely on theoretical explanation of various concepts but relating them with the real life business situations thereby facilitating the business processes. The book, therefore, aims to serve a wide array of students of under-graduate and post-graduate courses in business management, computer applications and other related streams. It will also come in handy for business managers, computer professionals, and almost all categories of end users, etc. This is a student oriented book and covers syllabus of universities like UGC in general and UPTU in particular as model syllabus for adoption in MBA programme conducted by universities in the country. The authors have tried to cover various concepts related to the theme in a simple language along with examples. Contents Preface (v) UNIT?1 1. Introduction to Computer 3 2. Reviews

This book is definitely worth acquiring. I have go through and so i am certain that i will likely to read through again again in the future. Its been printed in an exceptionally basic way in fact it is only after i finished reading this publication in which actually altered me, change the way in my opinion.

-- **Andres Bashirian**

Comprehensive guide for publication fanatics. This really is for all who statte there had not been a well worth reading through. I discovered this ebook from my dad and i encouraged this book to find out.
