Dead Heat: Globalization and Global Warming (OMP)

By Tom Athanasiou, Paul Baer

Seven Stories Press, U.S., United States, 2002. Paperback. Book Condition: New. A 7 Stories PR.. 168 x 142 mm. Language: English . Brand New Book. Today's extreme weather events (record-breaking heat waves, droughts, and melting ice caps) foreshadow an increasingly unstable and dire future. Yet, despite all, the US government continues to reject the Kyoto Protocol, to deny the catastrophic consequences of oil dependency, and to define the politics of oil as the politics of U.S. unilateralism, domination, and war. Dead Heat argues that justice--not rhetoric and aid but real developmental justice for the people of developing world--is going to be necessary, and surprisingly soon. It argues, more particularly, that such a justice must involve a phased transition from the Kyoto Protocol to a new climate treaty based on equal human rights to emit greenhouse pollutants. Dead Heat makes the case for climate justice, but insists that justice and equity, for all their manifold ethical and humanitarian attractions, must also be seen as the most realistic of virtues. It insists, in other words, that our limited environmental space will itself show that it is the dream of a business as usual future that is naive and utopian.

Reviews

Absolutely essential go through publication. I am quite late in start reading this one, but better then never. You will not feel monotony at at any time of the time (that's what catalogues are for regarding if you ask me).

-- **Ambrose Thompson II**

This ebook is so gripping and intriguing. Better then never, though i am quite late in start reading this one. You wont really feel monotony at whenever you want of your own time (that's what catalogues are for about in the event you check with me).
